Dionisio Vivo, a South American lecturer in philosophy, is puzzled by the bodies that keep turning up outside his front door. Birds Without Wings Louis de Bernières 2007-12-18 In his first novel since Corelli's Mandolin, Louis de Bernières creates a world, populates it with characters as real as our best friends, and launches it into the maelstrom of twentieth-century history. The setting is a small village in southwestern Anatolia in the waning years of the Ottoman Empire. Everyone there speaks Turkish, though they write it in Greek letters. It's a place that has room for a professional blasphemer; where a brokenhearted aga finds solace in the arms of a Circassian courtesan who isn't Circassian at all; where a beautiful Christian girl named Philothei is engaged to a Muslim boy named Ibrahim. But all of this will change when Turkey enters the modern world. Epic in sweep, intoxicating in its sensual detail, *Birds Without Wings* is an enchantment.

Before Women Had Wings Connie May Fowler 1999 Avocet Abigail "Bird" Jackson embarks on a spiritual quest for salvation as she struggles to escape the chaos, fear, and turmoil of her parents' lives and make sense of a confusing and desperate world

Birds Without Wings Louis De Bernières 2005 And there is Philothei, the Christian girl of legendary beauty, courted from infancy by Ibrahim the goatherd - a great love that culminates in tragedy and madness. But *Birds Without Wings* is also the story of Mustafa Kemal, whose military genius will lead him to victory against the invading Western European forces of the Great War and a reshaping of the whole region. "When the young men of the town are conscripted, we follow Karatavuk to Gallipoli, where the intimate brutality of battle robs him of all innocence. And in the town he left behind, we see how the twin scourges of fanatical religion and nationalism unleashed by the war quickly, and irreversibly, destroy the fabric of centuries-old peace."--Jacket.

Imagining Alexandria Louis de Bernières 2013-08-15 Poetry was Louis de Bernières' first literary love and *Imagining Alexandria* is his debut poetry collection. Here the author of the much-loved *Captain Corelli's Mandolin* returns us to the vivid Mediterranean landscape of his fiction. De Bernières was introduced to Greek poetry while in Corfu in 1983, and since then he has always travelled with a book of Cavafy's poetry in his pocket. Not surprisingly, his own poems about the distant past, the erotic and the philosophical owe much to the influence of the great Alexandrian poet. Beautifully illustrated with line drawings by Donald Sammut, this is a collection rich in sensuality, nostalgia, and music.

The Vanquished Robert Gerwarth 2016-11-15 A Times Literary Supplement Best Book of 2016 An epic, groundbreaking account of the ethnic and state violence that followed the end of World War I—conflicts that would shape the course of the twentieth century For the Western Allies, November 11, 1918, has always been a solemn date—the end of fighting that had destroyed a generation, but also a vindication of a terrible sacrifice with the total collapse of the principal enemies: the German Empire, Austria-Hungary, and the Ottoman Empire. But for much of the rest of Europe this was a day with no meaning, as a

continuing, nightmarish series of conflicts engulfed country after country. In *The Vanquished*, a highly original and gripping work of history, Robert Gerwarth asks us to think again about the true legacy of the First World War. In large part it was not the fighting on the Western Front that proved so ruinous to Europe's future, but the devastating aftermath, as countries on both sides of the original conflict were savaged by revolutions, pogroms, mass expulsions, and further major military clashes. In the years immediately after the armistice, millions would die across central, eastern, and southeastern Europe before the Soviet Union and a series of rickety and exhausted small new states would come into being. It was here, in the ruins of Europe, that extreme ideologies such as fascism would take shape and ultimately emerge triumphant. As absorbing in its drama as it is unsettling in its analysis, *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole.

Captain Corelli's Mandolin Louis de Bernières 2011-10-31 25TH ANNIVERSARY EDITION - WITH A NEW INTRODUCTION BY THE AUTHOR 'A true diamond of a novel, glinting with comedy and tragedy' Daily Mail It is 1941 and Captain Antonio Corelli, a young Italian officer, is posted to the Greek island of Cephallonia as part of the occupying forces. At first he is ostracised by the locals but over time he proves himself to be civilised, humorous - and a consummate musician. When Pelagia, the local doctor's daughter, finds her letters to her fiancé go unanswered, Antonio and Pelagia draw close and the working of the eternal triangle seems inevitable. But can this fragile love survive as a war of bestial savagery gets closer and the lines are drawn between invader and defender? 'Louis de Bernières is in the direct line that runs through Dickens and Evelyn Waugh...he has only to look into his world, one senses, for it to rush into reality, colours and touch and taste' Evening Standard

The Troublesome Offspring of Cardinal Guzman Louis de Bernières 2012-06-13 With the same ebullient storytelling, luxuriant prose, and irrepressible eroticism he brought to *The War of Don Emmanuel* s *Nether Parts* and *Senor Vivo* and the *Coca Lord*, Louis de Bernières continues his chronicle of Cochadebajo, the Andean village where macho philosophers, defrocked priests, and reformed (though hardly inactive) prostitutes cohabit in cheerful anarchy. But this unruly utopia is imperiled when the demon-harried Cardinal Guzman decides to inaugurate a new Inquisition, with Cochadebajo as its ultimate target. On his side, the Cardinal has an army of fanatics who are all too willing to destroy bodies in order to save souls. The Cochadebajeros have precious little ammunition, unless you count chef Dolores's incendiary *Chicken of a True Man*, and a civil defense that deems nothing more crucial than the act of love. Part epic, part farce, *The Troublesome Offspring of Cardinal Guzman* confirms de Bernières's reputation as England's answer to Gabriel García Márquez.

Red Dog Louis de Bernieres 2012-09-12 In 1998, Louis de Bernieres—acclaimed author of *Corelli's Mandolin*—came upon a bronze statue in a town on Australia's northwestern coast and was immediately compelled to know more about "Red Dog." He did not have to go far: everyone for hundreds of miles in every direction seemed to have a story about Red Dog. He was a Red Cloud Kelpie, a breed of sheepdog known for its energy and cleverness. But Red Dog was a kind of ultra-Kelpie, energetic and clever enough for an entire breed in himself. Dubbed a "professional traveler" rather than a stray, Red Dog established his own transportation system, hitchhiking between far-flung towns and female dogs in cars whose engine noises he'd memorized and whose drivers he'd charmed. The call of the wild was matched by the call of the supper dish; Red Dog's appetite was as legendary as his exploits. Everyone wanted to adopt him (one group of workers made him a member of their union), but Red Dog would be adopted by—or, more precisely, he would adopt—only one man: a bus driver whose love life quickly began to suffer and who never quite recovered from Red Dog's relentlessly affectionate presence. Independent, clever, sly, stubborn, courageous and foolhardy, impatient with boredom and the boring, Red Dog endeared himself to (almost) everyone who crossed his path. These funny, surprising, and touching stories of his life are certain to endear him to every reader.

Birds and People Mark Cocker 2014-03-17 There are 10,500 species of bird worldwide and wherever they occur people marvel at their glorious colours and their beautiful songs. We also trap and consume birds of every kind. Yet birds have not just been good to eat. Their feathers, which keep us warm or adorn our costumes, give birds unique mastery over the heavens. Throughout history their flight has inspired the human imagination so that birds are embedded in our religions, folklore, music and arts. Vast in both scope and scale, *Birds and People* explores and celebrates this relationship and draws upon Mark Cocker's 40 years of observing and thinking about birds. Part natural history and part cultural study, it describes and maps the entire spectrum of our engagements with birds, drawing in themes of history, literature, art, cuisine, language, lore, politics and the environment. In the end, this is a book as much about us as it is about birds. *Birds and People* has been stunningly illustrated by one of Europe's best wildlife photographers, David Tipling, who has travelled in 39 countries on seven continents to produce a breathtaking and unique collection of photographs. The book is as important for its visual riches as it is for its groundbreaking content. *Birds and People* is also exceptional in that the author has solicited contributions from people worldwide. Personal anecdotes and stories have come from more than 650 individuals in 81 different countries. They range from university academics to Mongolian eagle hunters, and from Amerindian shamans to some of the most celebrated writers of our age. The sheer multitude of voices in this global chorus means that *Birds and People* is both a source book on why we cherish birds and a powerful testament to their importance for all humanity.

Remarkable Birds Mark Avery 2016-09-13 Everything you didn't know about the avian world: a fascinating compendium showcasing the extraordinary wonders of birds, illuminated with exquisite ornithological illustrations, prints, and drawings. Humans share the Earth with more than 10,000 species of birds and have always been enchanted by them. Birds can be a sign of the changing seasons, a symbol of freedom, or simply a breathtaking vision of beauty. *Remarkable Birds* approaches these fascinating creatures thematically across eight sections covering

all aspects of humans' relationship with birds. "Songbirds" celebrates the greatest bird virtuosi, such as the nightingale, while "Birds of Prey" includes majestic hunters such as the harpy eagle. "Feathered Travelers" describes astounding journeys made by birds including tiny hummingbirds that migrate huge distances. "The Love Life of Birds" illuminates the most brilliant displays upon which different species rely to find a mate—notably the extravagant plumage and dances of birds of paradise. "Avian Cities" explores the spectacular, large colonies of species such as the flamingo, while "Useful to Us" examines the diverse ways we find birds valuable, such as the turkey or the canary.

"Threatened & Extinct" describes some species that have been lost forever, and others on the brink. Birds have also had great mystical significance and "Revered & Adored" considers such species as the sacred ibis, believed by the ancient Egyptians to represent the god Thoth.

The Dust That Falls from Dreams Louis de Bernieres 2015-08-04 From the acclaimed author of *Corelli's Mandolin*, here is a sumptuous, sweeping, powerfully moving new novel about a British family whose lives and loves are indelibly shaped by the horrors of World War I and the hopes for its aftermath. In the brief golden years of the Edwardian era the McCosh sisters—Christabel, Otilie, Rosie and Sophie—grow up in an idyllic household in the countryside south of London. On one side, their neighbors are the proper Pendennis family, recently arrived from Baltimore, whose close-in-age boys—Sidney, Albert and Ashbridge—shake their father's hand at breakfast and address him as "sir." On the other side is the Pitt family: a "resolutely French" mother, a former navy captain father, and two brothers, Archie and Daniel, who are clearly "going to grow up into a pair of daredevils and adventurers." In childhood this band is inseparable, but the days of careless camaraderie are brought to an abrupt halt by the outbreak of The Great War, in which everyone will play a part. All three Pendennis brothers fight in the hellish trenches at the front; Daniel Pitt becomes an ace fighter pilot with his daredevil tendencies intact; Rosie and Otilie McCosh volunteer in the hospitals, where women serve with as much passion and nearly as much hardship as the men at the front; Christabel McCosh becomes one of the squad of photographers sending "snaps" of their loved ones at home to the soldiers; and Sophie McCosh drives for the RAF in France. In the aftermath of the war, as "the universal joy and relief were beginning to be tempered by . . . an atmosphere of uncertainty," everyone must contend with the modern world that is slowly emerging from the ashes of the old. A wholly immersive novel about a particular time and place, *The Dust That Falls from Dreams* also illuminates the timeless ways in which men and women carry profound loss alongside indelible hope.

Vesper Flights Helen Macdonald 2020-08-25 From the New York Times bestselling author of *H is for Hawk* and winner of the Samuel Johnson Prize for nonfiction, comes a transcendent collection of essays about the natural world. Animals don't exist in order to teach us things, but that is what they have always done, and most of what they teach us is what we think we know about ourselves. Helen Macdonald's bestselling debut *H is for Hawk* brought the astonishing story of her relationship with goshawk Mabel to global critical acclaim and announced Macdonald as one of this century's most important and insightful nature writers. *H is for Hawk* won the Samuel Johnson Prize for Nonfiction and the Costa Book Award, and was a finalist for the National Book Critics Circle Award and the Kirkus Prize for Nonfiction, launching poet and falconer Macdonald as our preeminent nature essayist, with a semi-regular column in the New York Times Magazine. In *Vesper Flights* Helen Macdonald brings together a collection of her best loved essays, along

with new pieces on topics ranging from nostalgia for a vanishing countryside to the tribulations of farming ostriches to her own private vespers while trying to fall asleep. Meditating on notions of captivity and freedom, immigration and flight, Helen invites us into her most intimate experiences: observing the massive migration of songbirds from the top of the Empire State Building, watching tens of thousands of cranes in Hungary, seeking the last golden orioles in Suffolk's poplar forests. She writes with heart-tugging clarity about wild boar, swifts, mushroom hunting, migraines, the strangeness of birds' nests, and the unexpected guidance and comfort we find when watching wildlife. By one of this century's most important and insightful nature writers, *Vesper Flights* is a captivating and foundational book about observation, fascination, time, memory, love and loss and how we make sense of the world around us.

Adventures of a Louisiana Birder Marybeth Lima 2019-05-08 This candid and humorous chronicle shows how one woman goes from casual observer to obsessive bird nerd as she traverses Louisiana's avian paradise. In *Adventures of a Louisiana Birder*, readers follow Marybeth Lima across her adopted state in search of 300 species of birds. Bisected by the Mississippi flyway and home to 400 miles of coast, Louisiana has a variety of habitats, which serve as a beautiful backdrop to this remarkable journey. In birding circles, some devotees attempt what is known as a "big year," a bird-sighting challenge to identify as many bird species as possible in a particular geographical area over the course of one year. Lima's initial effort amounted to 11,626 miles in sixty-one road trips to log an impressive 280 species. But on a subsequent quest to exceed her record, she endures elusive birds, embarrassing misidentifications, and hungry insects in an effort to reach her goal. In the midst of these obstacles, Lima celebrates the camaraderie and friendly competition among fellow birders, from novices to a world-renown ornithologist. Requiring both mental focus and physical agility, birdwatching becomes an active sport through Lima's narration. She vividly conveys the elation over a rare species seen or heard and the disappointment when one is narrowly missed. An appendix provides the location and date of every species she identifies. Lima's personal experiences are interwoven with the excitement of tracking down one intriguing species after another. She faces a near-fatal burn accident to her spouse, end-of-life care for her mother-in-law, and Louisiana's great flood of 2016. In the midst of these situations, her devotion to birding provides a much-needed outlet. "Somewhere in the roiling confluence of birds, locales, and human personalities," writes Lima, "the center of my heart sings with utter abandon." *Adventures of a Louisiana Birder* is the author's call to a deeper passion for and awareness of Louisiana's unique natural beauty and vulnerability.

A World on the Wing: The Global Odyssey of Migratory Birds Scott Weidensaul 2021-03-30 New York Times Bestseller Finalist for the Los Angeles Times Book Prize A Library Journal Best Science and Technology Book of the Year An exhilarating exploration of the science and wonder of global bird migration. In the past two decades, our understanding of the navigational and physiological feats that enable birds to cross immense oceans, fly above the highest mountains, or remain in unbroken flight for months at a stretch has exploded. What we've learned of these key migrations—how billions of birds circumnavigate the globe, flying tens of thousands of miles between hemispheres on an annual basis—is nothing short of extraordinary. Bird migration entails almost unfathomable endurance, like a sparrow-sized sandpiper that will fly nonstop from Canada to Venezuela—the equivalent of running 126 consecutive marathons without food, water, or rest—avoiding dehydration by "drinking" moisture from its own muscles and organs, while orienting itself using the earth's magnetic field through a form of quantum entanglement that made Einstein queasy. Crossing the Pacific Ocean in nine days of nonstop flight, as some birds do, leaves little time for sleep, but migrants can put half their brains to sleep for a few seconds at a time, alternating sides—and their reaction time actually improves. These and other revelations convey both the wonder of bird migration and its global sweep, from the mudflats of the Yellow Sea in China to the remote mountains of northeastern India to the dusty hills of southern Cyprus. This breathtaking work of nature writing from Pulitzer Prize finalist Scott Weidensaul also introduces readers to those scientists, researchers, and bird lovers trying to preserve global migratory patterns in the face of climate change and other environmental challenges. Drawing on his own extensive fieldwork, in *A World on the Wing* Weidensaul unveils with dazzling prose the miracle of nature taking place over our heads.

Imagined Communities in Greece and Turkey Emine Yesim Bedlek 2015-12-03 In 1923 the Turkish government, under its new leader Kemal Atatürk, signed a renegotiated Balkan Wars treaty with the major powers of the day and Greece. This treaty provided for the forced exchange of 1.3 million Christians from Anatolia to Greece, in return for 30,000 Greek Muslims. The mass migration that ensued was a humanitarian catastrophe - of the 1.3 million Christians relocated it is estimated only 150,000 were successfully integrated into the Greek state. Furthermore, because the treaty was ethnicity-blind, tens of thousands of Muslim Greeks (ethnically and linguistically) were forced into Turkey against their will. Both the Greek and Turkish leadership saw this exchange as crucial to the state-strengthening projects both powers were engaged in after the First World War. Here, Emine Bedlek approaches this enormous shift in national thinking through literary texts - addressing the themes of loss, identity, memory and trauma which both populations experienced. The result is a new understanding of the tensions between religious and ethnic identity in modern Turkey.

What It's Like to Be a Bird David Allen Sibley 2020-04-14 The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In *What It's Like to Be a Bird*, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds.

This rambunctious first novel by the author of the bestselling *Corelli's Mandolin* is set in an impoverished, violent, yet ravishingly beautiful country somewhere in South America. Birds Without Wings Louis de Bernieres 2010-06-18 *Birds Without Wings* traces the fortunes of one small community in southwest Turkey (Anatolia) in the early part of the last century—a quirky community in which Christian and Muslim lives and traditions have co-existed peacefully over the centuries and where friendship, even love, has transcended religious differences. But with the disintegration of the Ottoman Empire and the onset of the Great War, the sweep of history has a cataclysmic effect on this peaceful place: The great love of Philothei, a Christian girl of legendary beauty, and Ibrahim, a Muslim shepherd who courts her from near infancy, culminates in tragedy and madness; Two inseparable childhood friends who grow up playing in the hills above the town suddenly find themselves on opposite sides of the bloody struggle; and Rustem Bey, a wealthy landlord, who has an enchanting mistress who is not what she seems. Far away from these small lives, a man of destiny who will come to be known as Mustafa Kemal Atatürk is emerging to create a country from the ruins of an empire. Victory at Gallipoli fails to save the Ottomans from ultimate defeat and, as a new conflict arises, Muslims and Christians struggle to survive, let alone understand, their part in the great tragedy that will reshape the whole region forever.

Notwithstanding Louis de Bernieres 2016-10-18 As the world around it marches forward, the bucolic English village of *Notwithstanding* remains unchanged. It is, as it always has been, a place of pubs and cricket pitches, where local eccentrics—a retired colonel who has eschewed clothes, a spiritualist living with the ghost of her husband, and a dog named Archibald Scott-Moncrieff—almost fit in. In this delightfully evocative collection of stories, in which a young couple falls in and out of love by letter alone, an eleven-year-old boy battles a monstrous fish, and a man of the cloth has a premonition of death, Louis de Bernières conjures up a rural idyll long since forgotten. Funny, bittersweet, and deeply felt, *Notwithstanding* is the bestselling author of *Corelli's Mandolin* at his most enchanting.

Birds Without Wings Louis de Bernières 2011-11-30 Set against the backdrop of the collapsing Ottoman Empire, *Birds Without Wings* traces the fortunes of one small community in south-west Anatolia - a town in which Christian and Muslim lives and traditions have co-existed peacefully for centuries. When war is declared and the outside world intrudes, the twin scourges of religion and nationalism lead to forced marches and massacres, and the peaceful fabric of life is destroyed. *Birds Without Wings* is a novel about the personal and political costs of war, and about love: between men and women; between friends; between those who are driven to be enemies; and between Philothei, a Christian girl of legendary beauty, and Ibrahim the Goatherd, who has courted her since infancy. Epic in sweep, intoxicating in its sensual detail, it is an enchanting masterpiece. 'A mesmerising patchwork of horror, humour and humanity' Independent
