Corporate Practice Series 2010

A Study Relating to the Corporate Practice of Medicine in the United States American Medical Association. Bureau of Legal Medicine and Legislation 1949

Delaware Corporation Law and Practice David A. Drexler 1988

International Corporate Practice Carole L. Basri 2008

Practice Basics Steven L. Lovett 2013 Instead of running your own practice, or associating with a firm where law is the business, corporate lawyers become an operational and managerial resource within a company where "law" is a supporting element of the business. This book is devised to be a beginning and a framework for a long-lasting career and client relationship. Practice Basics is a concise and rigorous primer for practicing law as general counsel.

The Corporate Practice of Medicine James Claude Robinson 1999 This is an analysis of the transformation of American medicine from a system of professional dominance to an industry under corporate control. It examines the economic and political forces that have eroded the medical system and invited market competition and organizational innovations.

Corporate Financial Reporting Andrew Higson 2003-02-28 The Internet bubble has collapsed and the largest bankruptcy in US history, Enron, has made the call for greater transparency in financial reporting more important than ever. Andrew Higson draws attention to what is a "true and fair view" in reporting and critically examines accounting theory and modern practice.

Corporate Governance Carol Padgett 2011-11-29 Recent financial crises and instances of corporate malpractice have prompted many questions about how companies are run - and whether this tallies with how they should be run. This book systematically explores the factors that shape corporate governance, and discusses both those governance practices implemented by companies and those imposed by regulators. It also tries to determine how good corporate governance can help companies to create value for their shareholders. To illustrate that some practices are global while others are appropriate only in certain settings, case studies of individual companies from Europe, Asia, North and South America are discussed in each chapter. Corporate Governance: Theory and Practice is firmly grounded in academic literature and packed with empirical evidence from around the world, making it an ideal book for students of business, management, finance, accounting and law taking a one-term course in the subject. It offers considerable lecturer and student support, both in the text itself and on the accompanying website: www.palgrave.com/finance/padgett.

Corporate Practice Carlos L. Israels 1963

Corporate Communication Michael B. Goodman 2010 The chief communication officer at a Fortune 500 multinational corporation today faces the challenges of a rapidly changing global economy, a revolution in communications channels fueled by the Internet, and a substantially transformed understanding of what a 21st-century corporation stands for. This book provides an accessible framework for describing these forces and the specific communication challenges that they have thrown at the global corporation. The text reviews the evolution of society's response to the development of the modern company and the corporate communication practices that grew up in response to it, as well as examining the impact of globalization, Web 2.0 and the networked enterprise on current corporate relationships with key stakeholders such as customers, employees, shareholders, communities and regulators. In examining these forces and how they are interwoven, the authors offer insights and strategies for deploying effective communication as a strategic business asset in today's global economy. Designed for the advanced student of corporate communication, the book contains updated guidelines for the management of investor relations, community relations and other corporate relationships in the age of social media. Specific recommendations for how to organize and execute effective communication for the contemporary practitioner working in the communication field are also provided.

"Goodman and Hirsch's book is essential reading for corporate communications executives. Insightful and practical, it will help them become better counselors to their CEOs, better partners with their C-suite colleagues, and better leaders of their own organizations." Dick Martin, Executive Vice President, AT&T (retired); Author, *Secrets of the Marketing Masters* "In situating corporate communication issues and practices within the context of globalization, rapid technological change, and the networked organization, Goodman and Hirsch offer readers a compelling and necessary discussion of the forces influencing corporate communication, and they utilize a host of contemporary examples to do so. This book is a must read for researchers and practitioners interested in business, corporate communication, corporate social responsibility (CSR), and environment society governance (ESG) on the global stage. Goodman and Hirsch encourage us all to think carefully about what effective corporate communication should look like in the 21st century." Stacey L. Connaughton, Associate Professor, Department of Communication, Purdue University "In today's global environment, there is no function within a major corporation more important than what is commonly called corporate communication. This new book, Corporate Communication: Strategic Adaptation for Global Practice, written by Goodman and Hirsch, supports that conclusion with comprehensive and convincing evidence. Large companies cannot succeed today without successfully managing relationships with their key constituencies in the context of what is desired by those constituencies. Previously, only the CEO him or herself has been in a position to view all of those audiences with a balanced view of what is ethical and correct behavior. The fully developed corporate communication function of today has evolved to work side by side with the CEO and Boards of Directors. The function not only influences what and how a company speaks, but also how it acts. The Goodman/Hirsch book makes that case more strongly than any text written in the past. It should be must reading for not only the professional communicator but for all CEOs and Boards of Directors to see the unique and priceless value the corporate communication function can bring to the corporate table today." James E. Murphy, Retired Chief Marketing and Communications Officer of Accenture; Chairman & CEO of Murphy & Co. "Goodman and Hirsch capture not only the theory and organization of corporate communication, but its true heart and soul, even as they show you how to ground this practice in a wholly changed and changing world." Raymond C. Jordan, Corporate Vice President Public Affairs & Corporate Communications, Johnson & Johnson

Corporate Practice Series 2005

O'Connors Federal Rules Michael C. Smith 2010-01-15

Corporate Strategy Ulrich Pidun 2019-06-03 This textbook offers a personal perspective on the broad and complex topic of corporate strategy. The book is structured to follow the journey of systematic corporate strategy development and implementation. "Corporate Strategy" presents frameworks and concepts for strategy development that have proven to be useful in corporate practice. The book covers the fundamental questions of daily strategy work and illustrates them with examples from real companies. It addresses all key elements of corporate strategy in a clear and systematic way: • Corporate ambition and capabilities • Corporate portfolio analysis • Corporate growth and portfolio strategy • Managing and transforming the corporate profile • Corporate parenting strategy and organization • Corporate financial strategy • Corporate strategy process The book serves not only as a practice-oriented textbook for students and teachers of corporate strategy, it also functions as a sophisticated handbook for practitioners who are responsible for developing and implementing effective corporate strategies.

Corporate Practice Series Clifford Roe 1989

Florida Corporate Practice LexisNexis Editorial Staff 2022-03-18 Despite the modern proliferation of other business formats, the corporation model still has major advantages, and this edition of Florida Corporate Practice brings those advantages to the attention of both seasoned practitioners and new attorneys. The Florida Business Corporation Act has been substantively amended numerous times over the years, and this manual keeps up to the minute with those changes, as well as case law and regulations interpreting the Act. Complementing the expansive coverage of business corporations, this new edition offers additional advice and insight relating to not for profit corporations. **The Business of Corporate Learning** Shlomo Ben-Hur 2013-03-14 Corporate learning functions are now an established part of many of the world's leading multinational firms. In this book, Shlomo Ben-Hur demonstrates how corporate learning can and should have an integral, strategic, role in a company. Based on firsthand experience, Ben-Hur provides a practical guide to setting up or restructuring a corporate learning function within a company, covering its seven key activities. He identifies and elucidates the key decision points in this process. But The Business of Corporate Learning is much more than a "how-to" guide. For the first time, this book sheds light on the reasons for success or failure in the strategic deployment of corporate learning. Real-world case studies are used to illustrate the potential pitfalls and demonstrate how - when successfully integrated into the company's strategic management system - corporate learning is able to deliver tangible business results.

Florida Corporate Practice The Florida Bar Continuing Legal Education 2015-11-10 Despite the modern proliferation of other business formats, the corporation model still has major advantages, and the Eighth Edition of Florida Corporate Practice brings those advantages to the attention of both seasoned practitioners and new attorneys. Complementing the expansive coverage of business corporations, this new edition offers additional advice and insight relating to not for profit corporations. Highlights of the Eighth Edition include: • Chapter devoted to practical advice about filings with the Department of State, Division of Corporations, written by the Chief of the Bureau of Commercial Recordings • Includes coverage of not for profit corporations • Covers handling corporations from formation to dissolution • Updated case law and statutes The eBook versions of this title feature links to Lexis Advance for further legal research options.

Corporate Practice Series 2010

Florida Corporate Practice Florida Bar Continuing Legal Education 2019-12-13 Despite the modern proliferation of other business formats, the corporation model still has major advantages, and the Ninth Edition of Florida Corporate Practice brings those advantages to the attention of both seasoned practitioners and new attorneys. The Florida Business Corporation Act has been substantively amended numerous times over the years, and this manual keeps up to the minute with those changes, as well as case law and regulations interpreting the Act. Complementing the expansive coverage of business corporations, this new edition offers additional advice and insight relating to not for profit corporations. Highlights of the Ninth Edition include: Discussion and Application of the 2019 Florida Legislature's substantial amendment to the Florida Business Corporation Act, F.S. Chapter 607 (codified at Ch. 2019-90, Laws of Fla. (2019)), effective January 1, 2020, including: Expansion of the authority of the board of directors to amend and propose amendments to the articles of incorporation, prohibition of the board of directors to adopt proposed amendments to the articles and make a recommendation to the shareholders to approve amendments to the articles that require shareholder approval, optional provision permitting preemptive rights to be included in the articles of incorporation (i.e., no longer required), and expansion of the provisions that the bylaws may contain. Significant expansion of statute governing registered office and registered agent, newly established duties of registered agents, delivery of notice via electronic transmission by registered agents, and effect of resignation of a registered agent. Updated provisions permitting the board of directors to fix the record date for determining shareholders entitled to a share dividend, and the creation of rights required for adoption of a shareholders' rights plan (a/k/a a "poison pill"). Extension of the rights of a shareholder to obtain records, establishment of a mechanism or breaking a deadlock among directors and shareholders, and the creation of the ability to establish bifurcated record dates to provide corporations with greater flexibility to align shareholder ownership and voting by setting a record date for voting closer to the meeting date. Substantial amendments to provisions governing derivative proceedings, a director's standard of care, conflict of interest transactions, and indemnification. New oversight feature to the board of director's corporate governance responsibility, in addition to its exercise of all corporate powers and management of the business affairs of the corporation. Newly revised discussion of known claims against a dissolved corporation and the procedure for any claims other than known claims (i.e., unknown claims). Substantial amendment of administrative dissolution, primarily adding new grounds for administrative dissolution. Creation of a new ground for a shareholder to initiate judicial dissolution proceedings when a corporation has abandoned its business and has failed, within a reasonable period of time, to liquidate and distribute its assets and dissolve, and newly amended provision providing courts with more latitude in fashioning appropriate alternative remedies to judicial dissolution. New filing requirement of an annual report before a corporation can make filings regarding mergers, share exchanges, and conversions. Substantial amendments to the law governing domestication and domestication procedures, and to the law

governing conversions and conversion procedures. New requirement that a corporation maintain certain records in a manner available for inspection within a reasonable time; new provisions addressing a corporation's maintenance of its annual financial statements, accounting records, and a record of its current shareholders and the number and class or series of shares held by each shareholder; new requirement for corporation to deliver or make available the corporation's annual financial statements for the most recent fiscal year; and newly established procedure to follow when a corporation does not deliver or make available the corporation's annual financial statements. **Corporate Tax Law** Peter Harris 2013-03-07 A comprehensive and comparative analysis of corporate tax systems, focusing on structural defects and how they are addressed in practice.

Shareholder Primacy and Corporate Governance Shuangge Wen 2013-10-08 Rising defaults in the financial market in 2007, the current widespread economic recession and debt crisis have added impetus to existing doubts about companies' governance, and cast new light on future trends in shareholder-oriented corporate practice. Taking account of these developments in the field and realizing the current need for changes in governance, this book offers a thorough exploration of the origins, recent changes and future development of the corporate objective—shareholder primacy. Legal and theoretical aspects are examined so as to provide a comprehensive and critical account of the practices reflecting shareholder primacy in the UK. In the wake of the financial crisis, this book investigates the direction of future policy, with particular attention to changes in governing rules and regulations and their implications for preserving the objective of shareholder primacy. It examines current UK and EU reform proposals calling for long-term and socially-responsible corporate performance, and the potential friction between proposed legal changes and commercial practices. This book will be useful to researchers and students of company law, and business and management studies.

Corporate and Commercial Practice in the Delaware Court of Chancery Michael A. Pittenger 2019-12-13 Because it is the corporate domicile of choice in the United States, Delaware produces and implements the substantive laws governing internal affairs for most of our nation's corporations - large and small. As a result, most battles concerning the application of those laws are waged in Delaware courts. In Corporate and Commercial Practice in the Delaware Court of Chancery, you'll profit from the singular insight and firsthand experience of two of the court's leading practitioners. You'll quickly find out why the Court of Chancery is to corporate litigation what the Delaware General Corporation Law is to the nation's corporate community. And most important, you'll learn about numerous topics never before explored in such a comprehensive manner. Inside you'll find key coverage of: • Jurisdiction, venue and service • Motions practice • Multijurisdictional litigation • Depositions and discovery • Privileges and immunities • Defenses, remedies and appeals • Costs and attorneys fees • And much more.

Corporate Communication Joep Cornelissen 2011-03-17 The Third Edition of this market-leading text has been updated and expanded with contemporary case material and more detailed coverage of the main topics and trends in corporate communication. How I wish I had had this book on my desk as a Chief Reputation Officer!" - Mary Jo Jacobi, Former Chief Reputation Officer of HSBC Holdings, Lehman Brothers and Royal Dutch Shell "This is a comprehensive and scholarly analysis of corporate communications. It will offer students and practitioners alike a considerable aid to study and understanding which will stand the test of time in a fast changing business" - Ian Wright, Corporate Relations Director, Diageo

What Is the Corporate Practice of Medicine and Fee-Splitting? Ari J. Markenson 2020-12

Corporate Governance and Sustainability Suzanne Benn 2013-01-11 In recent years, as corporations and governments have increasingly been confronted with managing the expectations of a society newly alerted to the social and environmental risks of economic development, recognition is dawning that achieving a sustainable world is dependent upon the democratic management and equitable distribution of these risks for now, and for the future. This book, the first to explore the themes of corporate governance and sustainability, argues that a better system of governance on a number of levels holds the key. Contributed to and edited by a distinguished international team, this book recognizes the complex and contested nature of both sustainability and governance, and that these key concepts have been redefined considerably over time. As sustainability poses new and major challenges for the theory and practice of corporate governance, this book, ideal for postgraduate students of business and management, identifies and addresses these challenges.

Picturing Corporate Practice Jay Mitchell 2016-03-04 Picturing Corporate Practice is intended for law students interested in corporate and transactional work and for lawyers new to the practice. The book includes a brief overview of corporate practice and chapters focused on advice development, transaction planning and management, legal documents, board meetings, litigation (from a corporate perspective), SEC filings, corporate pro bono, and client service. The book features a user-friendly design, informal writing style, and over 50 diagrams, timelines, and other graphics. It includes considerable vocabulary, how-things-work information, and practical suggestions for the new lawyer. In addition, the book offers ideas for using visual approaches in dealing with problems, plans, and documents across the practice. The author is a Stanford Law School professor who practiced for many years as a senior in-house lawyer and law firm partner before joining Stanford to develop and direct its transactional clinic.

Basic Corporate Practice Florida Bar. Young Lawyers Division 1999

The Corporate Practice of Medicine James C. Robinson 1999-11-01 One of the country's leading health economists presents a provocative analysis of the transformation of American medicine from a system of professional dominance to an industry under corporate control. James Robinson examines the economic and political forces that have eroded the traditional medical system of solo practice and fee-for-service insurance, hindered governmental regulation, and invited the market competition and organizational innovations that now are under way. The trend toward health care corporatization is irreversible, he says, and it parallels analogous trends toward privatization in the world economy. The physician is the key figure in health care, and how physicians are organized is central to the health care system, says Robinson. He focuses on four forms of physician organization to illustrate how external pressures have led to health care innovations: multispecialty medical groups, Independent Practice Associations (IPAs), physician practice management firms, and physician-hospital organizations. These physician organizations have evolved in the past two decades by adopting from the larger corporate sector similar forms of ownership, governance, finance, compensation, and marketing. In applying economic principles to the maelstrom of health care, Robinson highlights the similarities between competition and consolidation in medicine and in other sectors of the economy. He points to hidden costs in fee-for-service medicine—overtreatment, rampant inflation, uncritical professional dominance regarding treatment decisions—factors often overlooked when newer organizational models are criticized. Not everyone will share Robinson's appreciation for market competition and corporate organization in American health care, but he challenges those who would return to the inefficient and inequitable era of medicine from which we've just emerged. Forcefully written and thoroughly documented, The Corporate Practice of Medicine presents a thoughtful—and optimistic—view of a future health care system, one in which physician entrepreneurship is a dynamic component.

Corporate Governance H. Kent Baker 2010-08-20 A detailed look at the importance of corporate governance in today's business world The importance of corporate governance became dramatically clear at the beginning of the twenty-first century as a series of corporate meltdowns from managerial fraud, misconduct, and negligence caused a massive loss of shareholder wealth. As part of the Robert W. Kolb Series in Finance, this book provides a comprehensive view of the shareholder-manager relationship and examines the current state of governance mechanisms in mitigating the principal-agent conflict. This book also offers informed suggestions and predictions about the future direction of corporate governance. Relies on recent research findings to provide guidance through the maze of theories and concepts Uses a structured approach to put corporate governance in perspective Addresses essential issues related to corporate governance including the idea of principal-agent conflict, role of the board of directors, executive compensation, corporate monitoring, proxy contests and corporate takeovers, and regulatory intervention Corporate governance is an essential part of mainstream finance. If you need to gain a better understanding of this topic, look no further than this book.

Basic Corporate Practice Under the New Washington Business Corporation Act Charles F. Osborn 1965*

Corporate Practice of Law in New York John P. Ohl 1962

Legal Ethics and Corporate Practice Milton C. Regan 2005 Regan and Bauman's Legal Ethics and Corporate Practice is organized around the workflow of lawyers who represent corporations. This innovative casebook integrates professional responsibility issues with a discussion of a particular type of task that both inside and outside counsel perform on behalf of business corporations. It uses problems to illustrate how various types of work ; from advising a privately held company to conducting an internal investigation of a multinational corporation ; generate challenges that cut across ethical categories. Each chapter begins with a road map of the material that will follow, and most end with one or two detailed problems that require students to draw on that material.

Corporate Sustainability in Practice Paolo Tatocchi 2021-11-25 Building better organisations, with a clear sense of purpose, is a common challenge faced by many entrepreneurs and executives in industry. A fully integrated corporate sustainability strategy can help organisations to better manage risks, to win business opportunities and to ultimately strengthen reputation. Building on the experience of renowned strategists, sustainability, finance and academic experts, this book offers practical tools and approaches that can be used to develop and implement fully integrated corporate sustainability strategies.
