Home Sweet Homicide Craig Rice 2018-03-20 From the “grand dame of mystery mixed with screwball comedy”: The children of a widowed mystery writer play amateur sleuths and matchmakers (Ed Gorman, Ellery Queen Award-winning author). When your mom’s a mystery writer, a talent for detection is only natural. So when the three children of prolific whodunit author Marion Carstairs become material witnesses in a neighborhood murder, they launch their own investigation. And why not? They know everything about baffling mysteries from reading their mother’s books, the publicity could do wonders for her sales, and then she and a handsome detective could fall in love. It’s too perfect for words. Marion’s too busy wrapping up the loose ends of her latest book for the inconvenience of a real crime. But what’s surfacing in the shadows of the house next door is not quite as predictable as fiction: accusations of racketeering, kidnapping and blackmail; a slain stripper; a grieving but slippery husband; a wily French artist; a panicky movie star; and a cop who’s working Marion’s last nerve. If the kids are game, Marion decides she is too—in between chapters, at least. Besides, this whole dangerous bloody mess could turn out to be a source of inspiration! This stand-alone mystery was the basis for the classic 1946 comedy starring Randolph Scott and Peggy Ann Garner and “makes clear why Craig Rice remains one of the best writers of mystery fiction” (Jeffery Marks, author of *Who Was That Lady?*).

Crime Beat Michael Connelly 2006-05-08 From #1 bestseller Michael Connelly's first career as a prizewinning crime reporter--the gripping, true stories that inspired and informed his novels. Before he became a novelist, Michael Connelly was a crime reporter, covering the detectives who worked the homicide beat in Florida and Los Angeles. In vivid, hard-hitting articles, Connelly leads the reader past the yellow police tape as he follows the investigators, the victims, their families and friends--and, of course, the killers--to tell the real stories of murder and its aftermath. Connelly's firsthand observations would lend inspiration to his novels, from *The Black Echo*, which was drawn from a real-life bank heist, to *Trunk Music*, based on an unsolved case of a man found in the trunk of his Rolls Royce. And the vital details of his best-known characters, both heroes and villains, would be drawn from the cops and killers he reported on: from loner detective Harry Bosch to the manipulative serial killer the Poet. Stranger than fiction and every bit as gripping, these pieces show once again that Michael Connelly is not only a master of his craft, but also one of the great American writers in any form.

Blue Joe Domanick 2016-08-23 American policing is in crisis. Here, award-winning investigative journalist Joe Domanick reveals the troubled history of American policing over the past quarter century. He begins in the early 1990s with the beating of Rodney King and the L.A. riots, when the Los Angeles Police Department was caught between a corrupt and racist past and the demands of a rapidly changing urban population. Across the country, American cities faced similar challenges to law and order. In New York, William J. Bratton was spearheading the reorganization of the New York City Transit Police and later the 35,000-strong New York Police Department. His efforts resulted in a dramatic decrease in crime, yet introduced highly controversial policing strategies. In 2002, when Bratton was named the LAPD's new chief, he implemented the lessons learned in New York to change a department that previously had been impervious to reform. Blue ends in 2015 with the LAPD on its unfinished road to reform, as events in Los Angeles, New York, Baltimore, and Ferguson, Missouri, raise alarms about the very strategies Bratton pioneered, and about aggressive racial profiling and the militarization of police departments throughout the United States. Domanick tells his story through the lives of the people who lived it. Along with Bratton, he introduces William Parker, the legendary LAPD police chief; Tom Bradley, the first black mayor of Los Angeles; and Charlie Beck, the hard-nosed ex-gang cop who replaced Bratton as LAPD chief. The result is both intimate and expansive: a gripping narrative that asks big questions about what constitutes good and bad policing and how best to prevent crime, control police abuse, and ease tensions between the police and the powerless. Blue is not only a page-turning read but an essential addition to our scholarship.--Adapted from book jacket.

The Night Fire Michael Connelly 2019-10-22 A FINALIST FOR THE LOS ANGELES TIMES BOOK PRIZE A NEW YORK TIMES BOOK REVIEW BEST CRIME NOVEL OF THE YEAR A CrimeReads Best Crime Novel Notable selection Harry Bosch and LAPD Detective Renée Ballard come together again on the murder case that obsessed Bosch's mentor, the man who trained him--new from #1 New York Times bestselling author Michael Connelly Back when Harry Bosch was just a rookie homicide detective, he had an inspiring mentor who taught him to take the work personally and light the fire of relentlessness for every case. Now that mentor, John Jack Thompson, is dead, and his widow gives Bosch a murder book, one that Thompson took with him when he left the LAPD twenty years before -- the unsolved killing of a troubled young man. Bosch takes the murder book to Detective Renée Ballard and asks her to help him discover what about this crime lit Thompson's fire all those years ago. As she begins her inquiries -- while still working her own cases on the midnight shift -- Ballard finds aspects of the initial investigation that just don't add up. The bond between Bosch and Ballard tightens as they become a formidable investigation team. And they soon arrive at a disturbing question: Did Thompson steal the murder book to work the case in retirement, or to make sure it never got solved? Written with the intense pacing and masterful suspense that have made Michael Connelly "the hard-boiled fiction master of our time" (NPR), *The Night Fire* continues the unofficial partnership of two fierce detectives determined not to let the fire with burn out.

The Overlook Michael Connelly 2007-05-22 Near Mulholland Drive, Dr. Stanley Kent is found shot twice in the back of the head. It's the case LAPD detective Harry Bosch has been waiting for, his first since being recruited to the Homicide Special Squad. When he discovers that Kent had access to dangerous radioactive substances, what begins as a routine investigation becomes something darker, more deadly, and frighteningly urgent. Bosch is soon in conflict with not only his superiors but the FBI, which thinks the case is too important for just a cop. Complicating his job even more is the presence of Agent Rachel Walling, his onetime lover. Now guarding one slim advantage, Bosch relentlessly follows his own instincts, hoping they are still sharp enough to find the truth--and a killer who can annihilate an entire city.

Darker Angels Larry Darter 2022-03-22 Howard Drew, an unrelenting LAPD homicide detective assigned to the Open-Unsolved Unit, investigates the murders of victims long dead. He prowls moral fault lines and assumes the perspectives of his victims and their killers. Drew waits, poised to listen when guilty people divulge information and tired people fold and betray their secrets. Drew also listens to the chorus of forgotten voices and speaks for them because the collective dead demand it. In 2000, a friend discovered Anastasia Stepanchikov, a pretty 29-year-old prostitute from the Ukraine, beaten and shot to death inside her luxury Studio City apartment. Police speculated at the time that Russian organized crime may have been involved. Despite an exhaustive investigation by detectives of the LAPD Homicide Special Section, they never identified the killer or brought them to justice. The leads dried up, and the case went cold. Twenty-one years later, Detective Howard Drew and his partner in the Robbery-Homicide Division's Open-Unsolved Unit reopen the investigation when they receive a DNA cold hit. Unsolved homicides tend to remain unsolved--twenty-one-year-old riddles deepen with the passage of time, the death and disappearance of witnesses, and the blurring of consciousness. To find the killer, Drew and his partner must dust off the murder book and absorb every detail of the original investigation with an eye towards solving the cold case and assessing the original investigator's failure to do so. The detectives who worked the case all those years ago seem to have done a decent job, but something doesn't fit. Circumstances raise the stakes when Drew comes to realize he has taken on a politically charged case when the DNA match points to a powerful figure in Los Angeles. The original investigators may have missed a clue, or worse yet, turned a blind eye back in 2000 that could have led them to the killer and cleared the case twenty-one years earlier.

Working her graveyard shift, LAPD detective Renée Ballard waits out the traditional rain of lead as hundreds of revelers shoot their guns into the air. Only minutes after midnight, Ballard is called to a scene where a hardworking auto shop owner has been fatally hit by a bullet in the middle of a crowded street party. At the same time, Ballard hunts a fiendish pair of serial rapists, the Midnight Men, who have been terrorizing women and leaving no trace. Determined to solve both cases, Ballard feels like she is constantly running uphill in a police department indelibly changed by the pandemic and recent social unrest. The Lazarus Files Matthew McGough 2019-04-30 A deeply-reported, riveting account of a cold case murder in Los Angeles, unsolved until DNA evidence implicated a shocking suspect - a female detective within the LAPD's own ranks. On February 24, 1986, 29-year-old newlywed Sherri Rasmussen was murdered in the home she shared with her husband, John. The crime scene suggested a ferocious struggle, and police initially assumed it was a burglary gone awry. Before her death, Sherri had confided to her parents that an ex-girlfriend of John's, a Los Angeles police officer, had threatened her. The Rasmussens urged the LAPD to investigate the ex-girlfriend, but the original detectives only pursued burglary suspects, and the case went cold. DNA analysis did not exist when Sherri was murdered. Decades later, a swab from a bite mark on Sherri's arm revealed her killer was in fact female, not male. A DNA match led to the arrest and conviction of veteran LAPD Detective Stephanie Lazarus, John's onetime girlfriend. *The Lazarus Files* delivers the visceral experience of being inside a real-life murder mystery. McGough reconstructs the lives of Sherri, John and Stephanie; the love triangle that led to Sherri's murder; and the homicide investigation that followed. Was Stephanie protected by her fellow officers? What did the LAPD know, and when did they know it? Are there other LAPD cold cases with a police connection that remain unsolved?

Black Dahlia Avenger Steve Hodel 2015-02-03 For Viewers of the TNT Series I Am the Night and Fans of the Root of Evil Podcast, the Bestselling Book That Revealed the Shocking Identity of the Black Dahlia Killer and the Police Corruption That Concealed It for So Long A New York Times Bestseller An International Bestseller A New York Times Notable Book An Edgar Award Finalist In 1947, the brutal, sadistic murder of a beautiful young woman named Elizabeth Short led to the largest manhunt in LA history. The killer teased and taunted the police and public for weeks, but his identity stayed a mystery, and the murder remained the most tantalizing unsolved case of the last century, until this book revealed the bizarre solution. Steve Hodel, a retired LAPD detective who was a private investigator, took up the case, reviewing the original evidence and records as well as those of a separate grand jury investigation into a series of murders of single women in LA at the time. The prime suspect had in fact been identified, but never indicted. Why? And who was he? In an account that partakes both of LA Confidential and Zodiac, for the corruption it exposes and the insight it offers into a serial killer's mind, Hodel demonstrates that there was a massive police cover-up. Even more shocking, he proves that the murderer, a true-life Jekyll and Hyde who was a highly respected member of society by day and a psychopathic killer by night, was his own father. This edition of the book includes new findings and photographs added after the original publication, together with a new postscript by the author. *Midnight Alley* Miles Corwin 2012-04-16 A gritty, atmospheric glimpse into Los Angeles's noir underworld. Ash Levine, the top detective in the LAPD's elite Felony Special Squad, is called out to solve the murder of two young black men found shot to death in a Venice alley. The case is a high priority because one of the victims is the son of City Councilman Isaac Pinkney, a frequent critic of the LAPD. Searching for the killer throws Levine into the world of Los Angeles's Russian Mafia, Iraq and Afghanistan war veterans, and Middle Eastern archaeologists. Ash's history as a child of a Holocaust survivor gives him a unique perspective on murder, redemption, and justice. His background as a paratrooper in the Israel Defense Forces, and his relentless, single-minded focus on his investigations make him a thoroughly absorbing character. As Ash closes in on the killer, the investigation becomes increasingly complex--and personal. Ash soon discovers that he is not just an investigator, but a target.

A Cold Case Philip Gourevitch 2002-07-10 A tale of crime and punishment from a prizewinning writer. A few years ago, Andy Rosenzweig, an inspector for the Manhattan District Attorney's office, was abruptly reminded of an old, unsolved double homicide. It bothered him that Frankie Koehler, the notoriously dangerous suspect, had eluded capture and was still at large. Rosenzweig had known the victims of the crime, for they were childhood friends from the South Bronx: Richie Glennon, a Runyonesque ex-prizefighter at home with both cops and criminals, and Pete McGinn, a spirited restaurateur and father of four. Rosenzweig resolved to find the killer and close the case. In a surprising, intensely dramatic narrative, Philip Gourevitch brings together the story of Rosenzweig's pursuit with a mesmerizing account of Koehler's criminal personality and years on the lam. A Cold Case carries us deep into the lives and minds, the passions and perplexities, of an extraordinary cop and an extraordinary criminal whose lives were entwined over three decades. Set in a New York City that has all but disappeared, and written with a keen ear for the vibrant idiom of the colorful men and women who peopled its streets, this is nonetheless a book for our times. Gourevitch masterfully transforms a criminal investigation into a searching literary reckoning with the forces that drive one man to murder and another to hunt murderers."
