*Successful Shotgun Shooting* Andrew Montague 2000-08-16 While much has changed in the world of shotgun shooting—from new gun models to new ammunition—certain fundamentals have stayed the same. *Successful Shotgun Shooting*, originally published in 1971, remains one of the most thorough and clear primers on the art and science of shooting the shotgun. Thoroughly illustrated and concisely written, Montague's book will make a better shooter of anyone, whether a first time shooter or a seasoned owner of a \$40,000 over and under, who takes the time to read through his advice.

**Winchester Shotguns** Dennis Adler 2015-11-10 In the study and appreciation of American history, and in understanding the crucial role played by firearms in that extraordinary saga, one of the most famous gunmakers is Winchester. Their products are so much in demand that they indisputably hold the title of the Blue Chips of gun collecting.And while a notable amount of literature on these marques has appeared in print, much of it from the period of post-World War II, there are still major categories which demand focused books. Such works are in response not only to the "need to know" from students, historians and collectors, but also are a powerful reflection of the ever-expanding explosion of interest in the magical world of firearms.The study of arms is a highly visual, and technical, pursuit. Having the objects sitting on a page, as if they are on the reader's desk, is a true delight. Few photographers can equal those images of excellence. And no one today can match his combination of skill, aptitude and artistry at doing both text and photographs

*The Investor's Monthly Manual* 1920

**The Gun Digest Book of Exploded Gun Drawings** Dan Shideler 2011-02-28 The Gun Digest Book of Exploded Gun Drawings is the definitive one-volume resource for collectors, gunsmiths and hobbyists, with hundreds of updated listings for modern and vintage handguns, rifles and shotguns. More than 1000 line drawings of disassembled guns are presented, with parts identified by number and a key to those numbers. This collection of "exploded guns" is the perfect aid to anyone looking to identify and order replacement parts, or take a gun apart for cleaning and simple repair, a must-have for gunsmiths, shooters and law enforcement officials. In addition to the detailed, easy-to-understand drawings of long guns and handguns of all types, this book features a resource section containing contact information for buying gun parts and supplies. The Gun Digest Book of Exploded Gun Drawings is sure to become a must-have for gunsmiths, shooters and law enforcement officials.

**The Winchester Model 42** Ned Schwing 1990 This book ranks near the top as one of the all-time favorite collector firearms. Author Ned Schwing gives you the most accurate and complete book on the Model 42 ever written.

**Elementary Gunsmithing** Perry Frazer 2015-02-03 A beginner's guide to the ins and outs of guncraftsmanship from a professional gunsmith.When it was first published in 1938, *Elementary Gunsmithing* was one of the few books of the time to address an amateur audience, among more advanced titles. With clear, engaging, and instructional prose, Frazer takes beginner firearm interest to the next level by talking the reader through the fundamentals of gunsmithing, such as what tools are necessary for the craft, how to solder and mount parts, and even how to conduct a fledgling gunsmithing business. He specifically addresses the "young man who likes working at the bench," and similarly the book reflects the spirit of innovation, resourcefulness, and do-it-yourself work.While the book may not cover contemporary firearms, it offers a grandfatherly, old-school instructional vibe with accurate information about guns up to the 1940s. Frazer focuses on gunsmithing with ordinary hand tools at the work bench, rather than complicated machinery. These helpful tips and information, which are still applicable today, make *Elementary Gunsmithing* a useful, classic, and historically significant reference for both amateurs and budding gunsmithers keen on building a full-time business.Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
